GOLF IN DOMINICAN REPUBLIC

Dominican Republic, the undisputed “it” destination for golf, is widely known as having the most magnificent golf courses in the Caribbean and Latin America. The country boasts a growing list of world-class golf courses designed by some of the game’s most acclaimed course architects, including Pete Dye, P.B. Dye, Jack Nicklaus, Robert Trent Jones Sr., Gary Player, Tom Fazio, Nick Price and Greg Norman. The tour operator members of the Global Golf Tourism Organization, IAGTO voted Dominican Republic the “2019 Golf Destination of the Year for Latin America and the Caribbean”. This is the fourth time the country has been recognized as the go-to destination for golf travel by IAGTO, making it the most celebrated destination in the region. The country’s 26 challenging and stunning courses have helped Dominican Republic maintain the status of Golf Capital of the Caribbean.

Dominican Republic is the second largest country in the Caribbean and also one of the most ecologically diverse nations in the world. Stunning vistas – including waves crashing over dramatic coastlines, coconut palm groves, lush sun-kissed fairways, gentle mountains and exotic nature – set the scene for uniquely designed and distinct golf courses.

Golf champions and hobby players alike cannot resist playing the island’s challenging courses blessed with clear blue skies, azure seas and constant beautiful weather.

The country has a wide variety of both inland and coastal courses, including 86 stunning sea-view holes and 39 ocean-side holes, more than any comparable destination – making it a perfect spot for golf travelers of all experience levels. Whether you are a professional golfer or a beginner, playing golf here is a unique experience. Most clubs in the country provide clinics and lessons with some of the sport’s most elite players and a variety of accompanying golf vacation packages. These packages cater to both the serious and recreational player, offering affordable club rentals and often including accommodations, meals and drinks, as well as green fees and cart rentals.

The following golf guide includes descriptions of each of the 18 golf courses – recognized by the International Association of Golf Tour Operators – and nearly 360 holes of golf open for play to tourists in Dominican Republic, so you can begin planning your first – or next – visit now.

This Tom Fazio creation, the second oceanfront course at Puntacana Resort & Club, opened in 2010. Featuring six oceanfront holes set on rocky cliffs next to the Caribbean Sea, Fazio's breathtaking and distinctive design has quickly established as one of Dominican Republic's must-play courses. Corales boasts one of golf's most magnificent finishes; the last three holes, called the Devil's Elbow, culminate in a striking, U-shaped 18th that plays around a narrow, bluff-edged bay. The Corales Puntacana Resort & Club Championship started as a Web.com Tour Event in 2016 and in 2018 it became the first PGA TOUR Event in the Dominican Republic. The event will take place every month of March through 2021.

Designer: P.B. Dye

www.puntacana.com

The P.B. Dye-designed La Cana Golf Club was established in 2001 as an 18-hole course, with the new nine-hole Hacienda added in 2012. The Tortuga and Arrecife nines capture the stunning Caribbean scenery with 14 ocean-view holes and four memorable holes that play right on the beach. Arrecife's nine culminates in two spectacular fairways that skirt the azure waters and greens where you feel to reach out and touch the sea. Hacienda is both challenging and beautiful in its design as it takes the golfer inland through dense, colorful tropical vegetation. La Cana's well-guarded putting surfaces provide a stern test for even the lowest handicappers. The course's par-3 holes are outstanding – the 200-yard third's narrow green is bordered front and left by a lake; the fifth is La Cana's first hole to play aside the beach; and the 239-yard 14th's long, multi-tiered putting surface is hidden by tall dunes, reminiscent of an Irish links. La Cana is a course that's perfect for golfers of all skill levels and greets all with a relaxing atmosphere complemented by wide, mostly flat fairways.

The Golden Bear superbly utilizes and incorporates the area's bluffs, beaches, lagoons and tropical foliage into the course's design. Holes are edged by thick tropical vegetation, ensuring it is a challenge for all abilities.

HARD ROCK GOLF CLUB AT CANA BAY

📍 Hard Rock Hotel & Casino,
Macao

Holes: 18

Par: 72; Yardage: 7,253

Designer: Jack Nicklaus

www.hardrockhotelpuntacana.com

The Nicklaus-designed golf course, which opened in March 2010, presents golfers with a challenge at each hole and is playable by golfers of any skill level. The first golf course to carry the iconic Hard Rock brand, and located just inland from the beachfront Hard Rock Hotel Punta Cana, winds through beautiful native tropical vegetation that extends right up to the edge of the fairways, with no rough so that straight-hitting is at a premium. The course lives up to its rock 'n' roll branding; each hole is named after a famous rock song and putts roll pretty fast on the slick but small, sloping greens. There are also several blind shots that add to the challenge of this 7,253-yard layout.

LA ROMANA

The southeast coast of Dominican Republic combines picturesque beaches, luxurious hotels and resorts with a variety of exciting attractions and some of the most famous golf courses in the country. Golfers can play at world-class courses designed by the Dye family dynasty, most of which are located at the Casa de Campo Resort & Villas in La Romana. Once a sugar-producing region, La Romana still charms with beautiful Caribbean waters, exotic islands, the famous Chavón River valley and palm-tree covered national parks that provide scenic backgrounds for the area's courses.

DYE FORE Twenty-seven-hole Dye Fore joined Teeth of the Dog at Casa de Campo in 2002. Its three nines – Chavón, Marina and Lakes – are distinct and thrilling to play. Chavón features seven dramatic holes running atop cliffs dropping 300 feet to the winding river below, Marina features stout holes and meanders gracefully down to a picturesque harbor ringed by restaurants and shops, and Lakes is artfully crafted across tumultuous terrain placing a premium on shot-making. Golf course architecture aficionados call Dye Fore “the most underrated course in the Caribbean.”
